I was an active SEND governor for 2018/19, The Hills has a fantastic SEND provision and to witness this first hand on my school visits was a great experience.

What do you think about The Hills as a school?

I think We have a fantastic school with fantastic leadership. I feel our school listens to issues and the Head Teacher is very approachable to parents and staff alike.

What are your hopes for The School?

Like anything the idea is to constantly evolve and make better of what we have.

To ensure academically and vocationally we continue to be a fantastic school, Equally we listen to parents and their issues. Every child is dynamic and their needs are further more dynamic, it is difficult although essential for Our school to cater accordingly to their needs and create a platform to better develop every child for their future.
