Early Help Positive Parenting

Information Leaflet - January to March 2022

“Right support **Right action** Right time”

Triple P Online

The current climate has raised new parenting challenges for everyone. Children and teenagers have experienced disruptions to their daily life and increased worries about their safety and that of their family and friends. Children can react in unexpected ways because they cannot express how they are feeling.

The Triple P – Positive Parenting Program’s simple, practical strategies have been proven to work around the world, helping parents raise happy, confident children; set family routines and rules that everyone can follow; and balance work and family life with less stress.

You want the best for your family — to set up your children and teenagers for success and create a happier, calmer family life. But when do you learn how to parent, how to parent a teenager? How do you raise successful children?

Triple P online could answer all your questions but still lets you choose the strategies that fit your family’s needs?

Triple p online & teen triple p online put you in control so you can:

- Choose the strategies that fit your family
- Do your course anywhere, anytime – 24/7
- Work at your own pace
- Print your graduation certificate once you’ve successfully finished the programme

To access Triple P Online, please contact TripleP@bedford.gov.uk

Discussion Groups and Seminars

You may prefer to come along to Triple P Discussions/seminars. This is a great way to cover key areas we know many parents want information and help with, including:

- Understanding general parenting issues, why children tend to behave in certain ways under certain influences, and what they best respond to.
- Dealing decisively and effectively with behaviours such as aggression, non-cooperation and disobedience.
- Recognising and managing situations that might be less obvious such as sadness, anxiety, difficulty with separation and problems mixing with other children.

0-12 seminars will cover:

- The power of positive parenting
- Raising confident competent children
- Raising resilient children
